

WING STAR.

ARKANSAS GIRL.—The Memphis Express tells the following story of the editor, who went into Arkansas recently to attend a breakdown, that is, a severe attack of rheumatism.

The ladies upon the occasion were arrayed in their best, with all the gay colors that an untried maid could suggest. The gentlemen were dressed in handsome clothes, and none but our friend had broadcloth upon his back. During the evening, several parties of enormous size, roared in the saloons, were handed around to the company, together with a handful of salt for each guest. A few hours later, the maid became smitten with our friend (perhaps with some congenital malady,) and resolved to dance with him. She upon her turn to a friend and announced that In these words:

"Well, hold my tater while I trot round with that hosses what's got on store clothes."

Our friend was ciliated accordingly; he could not extricate himself from the grip of the rustic belle, and was obliged to remain with her for one mortal hour before he could gain respite from his labors. He made his escape the first opportunity, resolving that he would never again toe up to an Arkansas breakdown.

CURE OF THE BACK LIES ON YOUR CHAIRS.

One will not feel inclined to know. A thousand things not worth half a mile have been patented and elevated into a business.

It is this—if you cut off the back legs of your chairs so that the back part of the seat shall be two inches lower than the front part, it will greatly relieve the fatigue of sitting, and keep your spine in much better shape. The principal fatigue in sitting comes from your sliding forward, which stretches the ligaments and muscles in the small of the back.

The expedient I have advised will obviate this tendency, and, as I have suggested, add greatly to the comfort and healthfulness of the sitting position. The front edge of a chair should not be more than fifteen inches high, for the average man, nor more than fourteen for an average woman. The average chair is now 17 inches high for all, which no amount of slanting in the seat can make comfortable.—*Lewis' Gymnasium.*

By scientific inquiry as to whether male birthrate equal in number to female birthrate, it has been discovered that there is naturally a superfluous man. Thus says a learned work on regressing the number of births and their rate, extending this regeneration over several years in different countries, we have been able to ascertain the existence of a law, which, expressed in round numbers, is that for every twenty girls there are twenty-one boys. According to this plain arrangement of Nature, therefore, every twenty-

years Nature intended every man to be married, and in agreement with this, we find that one woman out of twenty shall be married a second time. It is as plain as day.

THE REV. ROBERT J. BROOKLYN, in a speech before the people of Cincinnati, said we were making many mistakes in judging of the war; one was in supposing the leaders of the rebellion could ever be conciliated, and that the mass of the people at the South could not be.

THE PROCLAMATION OF PRESIDENT LINCOLN, so far as it relates to the unauthorized and unmeritless order of Gen. Hunter, is statesmanlike, opportune, and to the point, says the St. Louis Republican.

Nine Spanish merino sheep were sheared at St. Johnsbury, Vt., a few days ago, the aggregate fleece weighing 99 pounds and 2 ounces.

The fleece of one of the above—a two years old—was 16½ pounds. A yearling sheared 13½ pounds.

The new directory of Leavenworth city, Kansas, gives a whole population of 12,645. The count takes up that of the civil population and the laborers, and the fort were included, the number of inhabitants would reach 15,000.

A party of four fishermen caught 600 trout in Temperance, Vt., in our day's fishing, last week. This fine sport was enjoyed on the head waters of the Deerfield river.

A letter from New Orleans says:—It is pretty certain death for a Union soldier, or any one who comes with General Butler, to be out at night with a very strong guard or party.

The New York Journal (the) says that business is probably at a standstill at the present time in every other town in the State.

The coronation of the King of Prussia cost the civil list eight hundred thousand thalers—somewhat near half a million of dollars.

NOTICE.
THE Partnership heretofore existing under the name and style of **SHAW & SHINN**, is this day dissolved by mutual consent. All claims against the firm, and all debts due to the same, are to be paid to R. A. Shaw. Those indebted to the late firm are requested to make payment to him.

G. W. ARMY.
R. A. SHINN.

Georgetown, D. C., May 1st, 1862.
